This year, the Finnish furniture manufacturer Artek is celebrating its 75th anniversary in the old tie factory with new products by Naoto Fukasawa and Enzo Mari.

Under the heading "The Savage Mind", students of the art academy Konstfack in Stockholm will present Spartan designs with the theme 'Sense'.

Moreover, new projects by Piet Hein Eek, the Campana brothers and the young design collective FormaFantasma, as well as the London-based Spanish designer Tomas Alonso, will be presented.

In addition, the gallery owner Rossana Orlandi is organizing a solo show by the Spanish designer Nacho Carbonell. "Diversity" is the name of the project that will be on show at the Spazio Gianfranco Ferré.
